

## 2023 Popcorn Reorder Process

The reordering process is a lot like last year, so please read the entire sheet before ordering.

### Two ways to get additional product:

#### 1. Join the Facebook Swap Site.

You can post product you have to transfer out, or product you might be in search of.

<https://www.facebook.com/groups/116348052394253/>

- You need to request to join and answer two questions.
- On the FB site you can post product you want to transfer out.
- Then, the two units working together can complete the online transfer process.
- Check out the FB site before ordering to see if there is product already available.

#### 2. Order from the Reorder site (Opens Sunday, Sept 24 at 8pm)

1. Go here <https://www.scoutingevent.com/250-addon2023> (note, it's NOT Trail's End's site)
2. Click on the Registration square on the RIGHT hand side of the page
3. Continue as guest
4. Order your product. For each PRODUCT square chose the number of CASES you want to order. Note there are some limits to give all units a chance to order for the upcoming week. *Please do not place a 2<sup>nd</sup> order for a few hours to give everyone a chance to get product.*
5. Next you **MUST** chose a location square. (See locations on next page). Register a 1 in the square you want to get your popcorn at. Make sure to read the locations/times/dates on the next page before you choose your location.
6. Hit REGISTER at the bottom (green button)
7. Put in your information (email, name, etc)
8. Answer what district and unit you are with, hit continue.
9. Make sure to Click the CHECKOUT Tab. (Very important to finalize the order)

After check out is complete you should see a screen similar to this. It has product AND a location. YOU MUST HAVE A BOOKED ORDER to pick up.

The screenshot shows the Scout24 registration interface for 'Add on Ordering 2020'. The page displays a registration contact, 'Anderson-Horecka, Bill', who is booked for Sep 21, 2020 at 2:43 PM. Below this, there are three items in the order: '1 Popcorn: Cheese Lovers', 'Popcorn: Cheese Lovers', and '1 Location: Tues Snack Semi - West Run'. Each item has a 'Booked' status with a timestamp. Red arrows point to these items with the following text: 'Order is BOOKED.' (pointing to the contact's booking), 'Product is ordered.' (pointing to the popcorn items), and 'Location was chosen.' (pointing to the location item).

## Show and Deliver Reorder Locations/Dates/Times

When choosing your location, please consider the following:

**MAPLEWOOD WAREHOUSE** – 1616 Gervais Ave, Maplewood. Suite 13/14. Look for the signs.

**Dates/Hours** **Wed 10am-2pm (CLOSED ON 9/27)**, **Thurs 3pm-7pm**, **Sat 8am-11am**

Maplewood warehouse is our one stationary warehouse. You can order and pick up from there in real time with the real time inventory on the website. Example, you are in the parking lot of the warehouse when it is open, and you need 1 more case of Salted. You can check the reorder site to see if inventory is available and then place the order, show the order to the staff and pick up your case of Salted. You can pick up anytime the warehouse is open (listed above).

**SNACK SEMI** – Various Locations. **YOU MUST PICK A DATE/DAY IN THE REGISTRATION LISTED BELOW TO BE ON THE TRUCK!**

The Snack Semi is a 16-foot Ryder truck that will travel around the Council with popcorn orders to get them closer to you. As you can see below, the Truck will be at various locations certain days of the week. If you miss the timeframe, it will move to the next location and so on. Please try and pick-up your order on the day you chose. Once placed you CAN NOT change location on an order. All pick up sites are at parking lots. You must order by a NOON the day before to be included in the next day's truck. See below. The morning of the date of your Snack Semi Delivery, you will get an email confirming you are on the truck for that day. This will also detail if there are any changes (truck breaks down, truck is late, etc).

<b>TUESDAY--ORDER BY MONDAY NOON</b>	<b>ARRIVE</b>	<b>DEPART</b>	<b>Location</b>	<b>Address</b>
